FUND FACT SHEET

SEPTEMBER 30, 2025

(formerly Large Cap Value Fund)

DESCRIPTION

The Large Cap Fundamental Value Fund has invested in undervalued large cap stocks for over 30 years. These stocks represent businesses with defensible market positions, healthy balance sheets, and significant cash flow generation. We seek to build a portfolio of 40-60 stocks that offers a payout yield (dividends plus share repurchases) that exceeds that of the S&P 500 and trades with a P/E ratio below the market average.

ABOUT US

Since 1980, Hotchkis & Wiley has focused on discovering undervalued securities through extensive internal research. We manage \$36 billion in value equity and high yield assets for institutional and mutual fund investors. The firm is independently owned with a majority interest held by employees.

The **Russell 1000® Value Index** measures the performance of those Russell 1000® companies with lower price-to-book ratios and lower forecasted growth values. The **S&P 500® Index** is a broad-based, unmanaged index of 500 stocks, which is widely recognized as representative of the equity market in general. The indices do not reflect the payment of transaction costs, fees and expenses associated with an investment in the Fund. It is not possible to invest directly in an index.

Data source: H&W, Russell, Bloomberg. Holdings are subject to change and are not buy/sell recommendations. **Price/Normal Earnings** is the current market price per share divided by normalized earnings per share. **Forward Price/Earnings (FY2)** is the projected P/E ratios of the companies invested in the portfolio, which ratios represent current market price per share divided by a company's estimated future earnings-per-share. Projected earnings are consensus analyst forecasts; actual P/E ratios may differ from projected P/E ratios. **Price/Book** is the price of a stock divided by its book value. **Market Capitalization** of a company is calculated by multiplying the number of outstanding shares by the current market price of a share. **Turnover** is an annualized rate found by dividing the lesser of purchases and sales by the average of portfolio assets. **Active Share** is the extent to which the portfolio differs from the designated Index. **Payout yield** is dividends plus share buybacks divided by equity. **Cash flow** measures the cash generating capability of a company by adding non-cash charges (e.g., depreciation) and interest expense to pretax income.

As of 8/29/24, the name of the fund changed from Large Cap Value Fund to Large Cap Fundamental Value Fund. There were no changes to the objectives, strategies, or fees.
