Hotchkis and Wiley Capital Management, LLC (the “Firm” or “H&W”) claims compliance with the Global Investment Performance Standards (GIPS®) and has prepared and presented this report in compliance with the GIPS standards. H&W has been independently verified for the periods October 9, 2001 through December 31, 2024. A firm that claims compliance with the GIPS standards must establish policies and procedures for complying with all the applicable requirements of the GIPS standards. Verification provides assurance on whether the firm’s policies and procedures related to composite and pooled fund maintenance, as well as the calculation, presentation, and distribution of performance, have been designed in compliance with the GIPS standards and have been implemented on a firm-wide basis. The High Yield Composite has had a performance examination for the periods May 1, 2009 through December 31, 2024. The verification and performance examination reports are available upon request.

H&W is an independent investment management firm registered with the U.S. Securities and Exchange Commission and manages value equity and high yield assets for institutional and mutual fund investors. Its predecessor firm was established in 1980. The equity team of the predecessor firm established H&W in October 2001.

H&W refers to itself as a “registered investment adviser” in materials distributed to current and prospective clients. As a registered investment adviser with the SEC, H&W is subject to the rules and regulations adopted by the SEC under the Investment Advisers Act of 1940, as amended (the “Advisers Act”). Registration as an investment adviser is not an indication that H&W or its directors, officers, employees or representatives have attained a particular level of skill or ability.

Valuations and returns are stated in U.S. dollars. Investment returns include reinvestment of dividends, interest, and capital gains. Gross performance results are presented before management and custodial fees but after all trading expenses. Net performance results are presented after actual management fees and all trading expenses but before custodial fees. H&W’s management fees are described in Part 2A of its Form ADV. The standard High Yield Bond management fee schedule is 45 basis points on the first \$50 million and 40 basis points thereafter. Internal dispersion is calculated using the equal-weighted

standard deviation of all portfolios (gross returns) that were included in the Composite for the entire year. A list of composite and broad distribution pooled fund descriptions and policies for valuing investments, calculating performance, and preparing GIPS Reports are available upon request. Past performance is no guarantee of future performance. GIPS® is a registered trademark of CFA Institute. Composite: The Composite includes all High Yield discretionary accounts. The High Yield strategy seeks high current income combined with the opportunity for capital appreciation to maximize total return primarily through investments in high yield securities and rated below investment grade fixed income instruments. It may also use futures, swaps and other derivatives, mortgage- or asset-backed securities and restricted securities that are sold in private placement transactions. (Composite creation & inception date: 5/1/2009)

Indexes: The ICE BofA BB-B U.S. High Yield Constrained Index (“ICE BofA BB-B”) contains all securities in the ICE BofA U.S. High Yield Index rated BB+ through B- by S&P (or equivalent as rated by Moody’s or Fitch), but caps issuer exposure at 2%. Index constituents are capitalization-weighted, based on their current amount outstanding, provided the total allocation to an individual issuer does not exceed 2%. The ICE BofA U.S. High Yield Index (“ICE BofA HY”) tracks the performance of below investment grade, but not in default, U.S. dollar-denominated corporate bonds publicly issued in the U.S. domestic market, and includes issues with a credit rating of BBB or below, as rated by Moody’s and S&P. The indexes assume reinvestment of dividends and capital gains, and assumes no management, custody, transaction or other expenses. The strategy used in managing the accounts in the Composite may prevent or limit investment in major bonds in the ICE BofA BB-B and ICE BofA HY and returns may not be correlated to the indexes. It is not possible to invest directly in the index. Benchmark returns are not covered by the report of independent verifiers.

The 3-year annualized standard deviation measures the variability of the composite (using gross returns) and the benchmark(s) returns over the preceding 36-month period.
